

# first need<sup>®</sup> XLE<sup>™</sup>

WATER PURIFICATION SYSTEM **ELITE**

## INTRODUCING first need XLE ELITE

featuring even greater durability, improved sanitation, extended capacity and continued economic savings.

**Robust Durability** — Increased **XLE ELITE** canister strength allows 2 to 3 times greater resistance to damage from dropping and other physical shocks.

**Improved Sanitation** — Innovative New Cleanout Port creates more effective and convenient canister cleaning without hose removal and flow reversal, reducing accidental contact with "dirty" water.

**Extended Capacity** — Quick and Easy Cleanout configuration extends canister life with greater, more efficient silt and debris removal.

**Economic Savings** — New **XLE ELITE** canister is compatible with first need XL and earlier first need systems.

Independently certified to EPA Guide Standard Protocol for Microbiological Purifiers against Bacteria, Cysts and Viruses!

**Environmentally Friendly:**  
**Iodine/Chlorine not needed!**

# first need<sup>®</sup> XLE<sup>™</sup>

WATER PURIFICATION SYSTEM **ELITE**

General Ecology, Inc. introduces the **first need XLE ELITE** system, offering robust durability, improved sanitation, extended capacity, and enhanced economic savings for an even more innovative system than the current top rated **first need XL** water purifier.

*Bottle not included*

## TECHNICAL SPECIFICATIONS

Average Flow Rate .....	2 (qt./min.)
Average Canister Capacity** .....	180 gallons (1,440 pints)
Temperature Range.....	33°F (.5°C) to 100°F (38°C)
Micron Retention .....	0.4
Weight .....	16 oz.
Pump Length .....	6.25"
Tube (w/Prefilter) Length .....	36"
First Need XLE p/n .....	322200
First Need XLE Replacement Canister p/n.....	302220

**\*\*Performance may vary according to influent water quality.**

Comfortable, ergonomic palm-molded handle

Reliable, double-action field-serviceable pump

**NEW** Cleanout Port  
• improved sanitation

**NEW XLE ELITE** Canister  
• robust durability  
• extended capacity  
• economic savings

"Direct-Connect" Threaded attachment to popular trail bottles\*

Long non-kink intake hose for easy operation

Flexible, attached sanitary cover

Integrated, adjustable float

Prefilter eliminates larger particles and debris, extending canister life

*Independently certified to EPA Guide Standard Protocol for Microbiological Purifiers against Bacteria, Cysts and Viruses!*

### Direct-Connect Adapters

Adapters sold separately "Direct-Connect" to Platypus<sup>®</sup>, SIGG<sup>®</sup>, Nalgene<sup>®</sup> mid mouth, and other popular flexible bottles and hydration packs as well as 2 liter soda bottles.
